

Warehouse sector savings

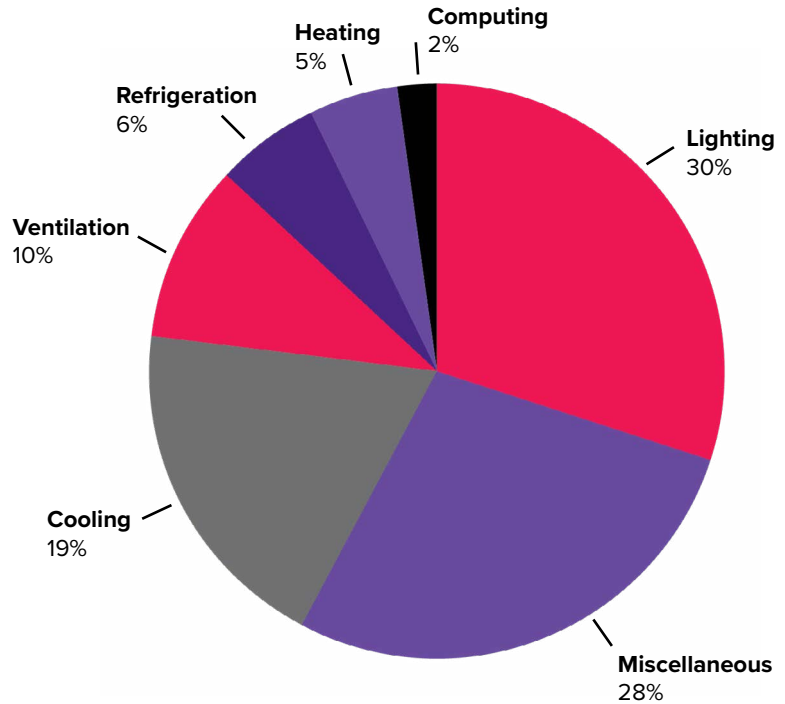

The Entergy Solutions program helps Entergy Louisiana customers by reducing the up-front cost of energy-saving upgrades through valuable cash incentives. Electricity costs for warehouses average \$0.70 per square foot annually. If your warehouse is higher than \$0.70 per square foot, you likely have good potential for energy savings through the Entergy Solutions program.

Did you know?

20-30%

of warehouse electricity costs can be reduced by implementing measures incentivized by the Entergy Solutions program.

Follow these few steps to start saving today.

- 1** Contact program representative to learn if pre-approval is required.
- 2** Prepare application submittals, and complete work.
- 3** Receive incentive amount.

For more information about how you can save in your warehouse, visit entergysolutionsla.com, email entergysolutionsla@entergy.com, call **844-829-1300** or **scan the QR code** to receive a call from an Entergy Solutions energy advisor.

Qualifying incentives are listed on the back of this page.

Warehouse incentives

Owners and managers of warehouse spaces who are looking to save money on operations and maintenance costs may be good candidates for energy audits. Identifying opportunities and installing energy efficiency upgrades can not only save money – they can improve comfort and reduce the building’s environmental footprint, too.

Measure	Incentive	Description
High-bay lighting retrofit	\$45-\$240 per light replaced	Replace existing high-bay lighting with efficient LED equivalents.
High-bay lighting controls	\$0.10 per kWh saved	Install occupancy or daylight sensors on new LED fixtures.
Fluorescent lighting controls	\$5-\$8 per lamp replaced	Replace your existing fluorescent, incandescent and halogen lighting with LED lighting.
HVAC tune-up	\$35 per ton capacity	Tune up rooftop units, split units or central units to improve their performance.
Exterior lighting	Incentive varies by light type	Replace your outdoor lighting with LED lighting.
Cool roof	\$0.12 per kWh saved	Reduce heat gain and reduce HVAC load by using light-colored and reflective roofing materials.
Custom projects	\$0.10-\$0.12 per kWh saved	Any project that saves energy within a store can be incentivized through Entergy Solutions’s custom projects measure. Contact Entergy Solutions for more details.
