

RESIDENTIAL SOLUTIONS

Entergy Solutions offers programs for Entergy Louisiana residential customers to save energy and money by reducing the up-front cost of energy efficiency upgrades. The program partners with participating trade allies and retailers, who will help you find new ways to save around your home.

Home Performance with ENERGY STAR®

Reduce up-front cost of installing energy efficiency upgrades in your home with:

- Free home energy assessment that includes installation of energy-saving items such as LED light bulbs and water-saving measures.
- Attic insulation rebates.
- Air sealing rebates.
- Duct sealing rebates.

A/C Solutions

Optimize your home's cooling systems and save energy with these solutions.

- Save up to \$150 on a High Efficiency A/C tune-up.
- Save up to \$500 for replacing an inefficient A/C unit with an a high-efficiency unit.
- Save up to \$200 on qualifying smart thermostats to achieve optimal comfort and energy savings all year round.

Retail Lighting & Appliances

Entergy Solutions partners with local retailers to provide instant discounts on qualifying LED light bulbs. The program also provides rebates on ENERGY STAR qualified refrigerators, window A/C units, heat pump water heaters and pool pumps.

Multifamily Solutions

The Multifamily Solutions Program serves multifamily buildings with 5 or more units to bring the benefits of energy efficiency to property owners and residents. Energy Advisors work with multifamily customers to install free energy saving measures, such as LED lighting and identify opportunities for deeper energy savings through trade allies.

See reverse for a list of qualifying equipment and incentive amounts.
