Note: Generally, unless otherwise specified herein, capitalized terms used throughout this document are as defined in the Company’s Terms and Conditions.

II. PURPOSE

The purpose of this rate schedule is to outline policy to be followed where requests are made for Christmas lighting of streets or community Christmas trees.

This rate schedule is closed to new business as of the Effective Date.

III. WHY POLICY IS NECESSARY

ELL serves many communities and towns and from time to time some of our communities in the Legacy ELL Service Area have approached the Company relative to display or special street lighting during the Christmas season. In order that we follow a uniform policy in providing this Service, it is necessary that we outline the Service we will render and the manner in which we will cooperate with the sponsor of such a project.

IV. COMPANY WILL

- a) Cooperate with the community, Chamber of Commerce, civic clubs, or other community organization sponsoring the Christmas Lighting Project for street decoration in the commercial districts or community tree lighting by making a contribution of money to the project fund in line with contributions Company should make as a citizen of the community as it does to the Red Cross, Community Chest, Boy Scouts, or other general welfare organizations.
- b) Furnish the labor for erecting or installing and connecting the wiring to our lines for strings of lights across the streets or on the community Christmas tree and also furnish the labor for disconnecting and removing same. The strings of lights will be returned to the sponsors of the project for storage. None will be kept by the Company.

V. COMPANY WILL NOT

- a) Furnish any material or lamp bulbs.
- b) Extend its facilities at any point to connect stringers of lights. In other words, the service for Christmas lighting will be furnished only from existing facilities where adequate capacity is available.

(CLOSED TO NEW BUSINESS)

- c) Sponsor or act with others as sponsor for any Christmas lighting project.

VI. PAYMENT FOR ENERGY FURNISHED

The Company obtains its revenue from its electric operations through the sale of electricity to its Customers. The Company is unalterably opposed to the giving away of electricity for any purpose, as this cannot be accomplished without discrimination. All energy used for Christmas Community Lighting will be furnished at the rate of \$0.05572 per kWh plus fuel adjustment and any other applicable adjustments billed to the sponsor of the project.

VII. DETERMINATION OF AMOUNT OF ENERGY USED

- a) Due to the nature of the temporary installation, Meters may not be installed in which case the kilowatt hours to be billed shall be calculated by determining the connected load and multiplying the kilowatt load by the number of hours Service is used.
- b) If a community desires to shut off any part of its street lighting, the number of kilowatt hours saved shall be determined and subtracted from the kilowatt hours calculated for the Christmas lighting project. The remaining kilowatt hours after the credit is allowed are to be billed at the rate set out above. Any street lighting turned off shall be billed as usual on the regular street lighting rate.

VIII. APPROVAL REQUIRED

Any request for a Christmas lighting project must be approved by the Region Manager before agreements are made with any sponsoring agency.
