B. Fuel Adjustment

The fuel adjustment will be calculated based upon the total kWh included in the monthly bill times the adjustment per kWh for the current Month, calculated in accordance with Rate Schedule FA.

**IV. GENERAL PROVISIONS**

A. The charges shown under "Rate Group A" (Schedule SHL-G) include installation, maintenance, energy supply, and control by the Company of existing standard street light fixtures and lamps mounted on existing standard wood poles.

B. Under "Rate Group B" (Schedule SHL-G) all street lighting equipment, poles, luminaires, and overhead circuits or underground cables are provided by the Customer in accordance with Company standards. The charges shown under "Rate Group B" are applicable when the Company furnishes energy at secondary voltage and maintains Customer's system to the extent of repairing or replacing fixtures and maintaining control switches at each Point of Delivery. Any other maintenance, installations, replacements, or removals shall be done only upon written request and at the expense of the Customer.

Upgrades of existing contiguous high pressure sodium Rate Group B lighting in locations where it already exists may be allowed by the Company in some cases at the sole discretion of the Company.

C. For the rate set forth in § III for Schedule ALS-G above, Company will own and maintain existing facilities at its own Cost and expense, mounted on an existing wood pole or other support approved by Company.

For existing additional facilities consisting only of a normally installed wood pole not in excess of 35 feet and one span of secondary, the Customer pays a net monthly charge of \$1.94 for such facilities plus the charge under § III above.

Company will replace burned out lamps and otherwise maintain the equipment during regular daytime working hours as soon as practicable following notification by Customer.

Replacement of burned out lamps will continue as long as lamps are available. However, when fixtures or lamps need to be replaced and are no longer available, fixtures will be replaced with an equivalent fixture from the ALS-LED rate schedule and will be billed at the then current rate of the replacement. Photocell or lamp failure will not be considered a fixture failure. An equivalent fixture replacements, that result in an increase in the monthly rate, will not occur prior to proper written notice is provided to any customer(s) whose fixtures will be replaced.

D. Mercury Vapor lighting is not available for new applications or replacement. Existing installations will be maintained until the fixture, lamp or photo cell fails. Company will replace with an equivalent HPS fixture unless an alternative fixture from an applicable rate schedule is requested by customer. Lighting service
