
MUNICIPAL AND PARISH PUMPING SERVICE RATE SCHEDULE

I. AVAILABILITY

This Rate is available to Customers of Entergy Louisiana, LLC (“ELL” or the “Company”), for which the point of interconnection with ELL is located within the Legacy ELL Service Area, where facilities of adequate capacity and suitable phase and voltage are adjacent to the premises to be served, and Service is taken according to the Terms and Conditions and Service Standards of the Company. Where facilities of adequate capacity and suitable phase and voltage are not adjacent to the premises to be served, Company may, at its option, require a contribution, higher minimum bill, facilities charge, or other compensation to make Service available.

Note: Generally, unless otherwise specified herein, capitalized terms used throughout this document are as defined in the Company’s Terms and Conditions.

II. APPLICABILITY

To power Service for the operation of publicly owned municipal and parish water supply and sewage disposal pumping plants, where all such plants are completely electrified and are operated by Service of the Company, except that other power sources may be maintained for standby or insurance purposes only. Service hereunder is subject to any of the Company’s Rider Schedules that may be applicable. All Service at each separate location will be separately supplied at one Point of Delivery and through one kilowatt-hour Meter.

Applicable to flood control and drainage pumping only when such installations are operated by a Customer taking Service for its water distribution or sewage disposal systems under this schedule, and when such installations protect the area served by such systems.

Lighting accessory to the use of power is permitted under this schedule. All other lighting, including any lighting for municipal offices or buildings, for commercial or retail sales or operations, and for dwellings shall be contracted for separately at the applicable Rate Schedule.

Service under this schedule shall not be resold, sub-metered, used for standby, breakdown, supplementary, temporary Service, or shared with others.

III. TYPE OF SERVICE

Single or three-phase, 60 cycles, and at any one standard nominal voltage required by Customer, as described in Company’s Terms and Conditions, except where Service to fire pumps is at distribution voltage, in which cases Company will make one transformation to another motor voltage. Lighting voltages required by Customer will be obtained by transformers furnished and maintained by Customer on his side of the Point of Delivery.

IV. OFF-PEAK

Insofar as is practicable the Customer will operate his pumping equipment in such manner and at such times so that its full load will not be operating during the hours of Company's peak loads. Company will, when necessary, notify the Customer in advance of the hours during which the system peaks are expected.

V. NET MONTHLY BILL

A. Rate

\$0.03153 per kWh for energy used

B. Minimum

\$11.12 for single-phase service or \$18.42 for three-phase service, plus any applicable adjustments, except where Customer gives Company reasonable notice for discontinuance and reconnection of Service so that the installation remains disconnected when no Service is required, the minimum is waived for the period of disconnection.

C. Adjustments

First - Plus or minus the applicable proportionate part of any directly allocable tax, impost or assessment imposed or reduced by any governmental authority after the effective date of this schedule, which is assessed or levied against the Company or directly affects the Company's Cost of operation and which the Company is legally obligated to pay on the basis of Meters, Customers, or rates of, or revenue from electric power and energy or Service sold, or on the volume of energy generated, transmitted, purchased for sale, or sold, or on any other basis where direct allocation is possible.

Second - The fuel adjustment will be calculated based upon the total kWh included in the monthly bill times the adjustment per kWh for the current Month calculated in accordance with Rate Schedule FA.

Third - Plus \$3.73 per kW of Demand for each kW of Demand in excess of the Demand agreed upon as necessary for the normal operation of the Customer's pumping equipment, specifically set out under Normal Demand Agreement, below, provided that no Demand charge shall be made for the operation of fire pumps during fires or for testing purposes during the off-peak hours, stipulated by the Company. Fire pumps shall not be operated for normal pumping purposes.

VI. PAYMENT

The Net Monthly Bill is due and payable each Month. If not paid within twenty (20) days from the date of billing, the Gross Monthly Bill, which is the Net Monthly Bill plus 1.5%, becomes due after the gross due date shown on the bill.
